

Ertifil AB range

Anti Bloom filling & cream fats

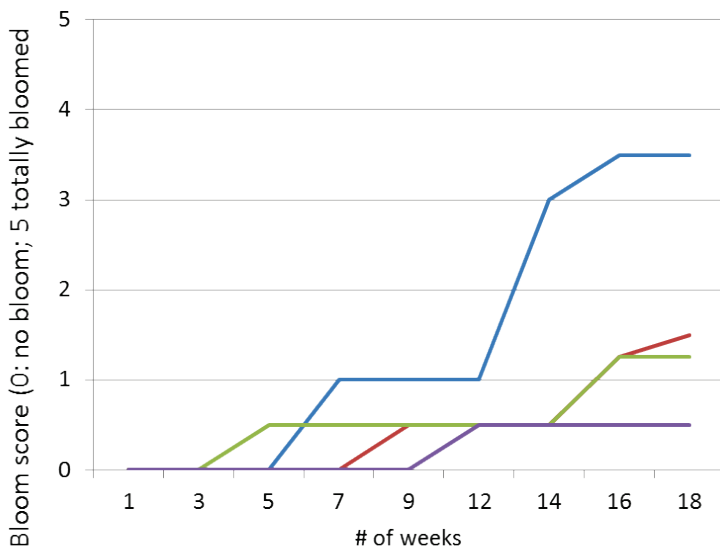

Rev. date 13/11/2019

FUJI OIL EUROPE has developed a complete range of filling & cream fats with the following characteristics:

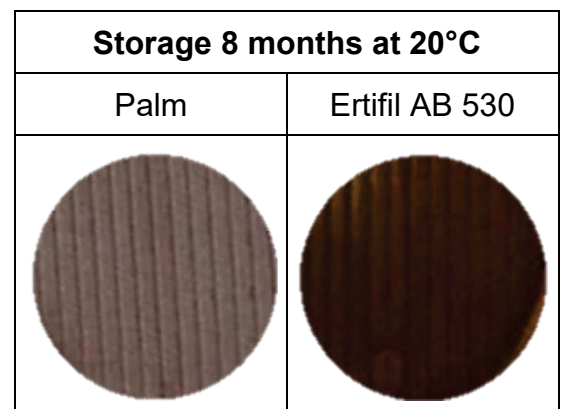

- ✓ Strong anti-bloom properties
- ✓ Good melting properties
- ✓ Non temper
- ✓ Non trans, non hydro

Storage tests – bloom follow up at 20°C
Recipe with 14% hazelnut oil and 10% cocoa butter on fat phase

— Regular filling fat — Ertifil AB 530
 — Ertifil AB 550 — Ertifil AB 580

Bloom followed on dark chocolate disk, placed on filling made with vegetable fat.
